MOBILITY & TRANSPORT

OB/GYN & PEDIATRICS

TRAUMA & EXTENDED STAY

OR, STRETCHER CHAIR & FLUORO
ZOOM DRIVE SYSTEM
- The exclusive motorized Zoom drive eliminates pushing effort, eases steering and turning corners
- One-person transport capability
- Ideal for facilities with ramps, heavier patients and long transports
- Designed to help reduce back injuries and improve productivity
- Encourages proper ergonomic posture and leverage during transport
- Available on Atlas and Renaissance (models 1231, 1731)

GENERAL USE: MOBILITY & TRANSPORT

ATLAS 660™
- 660 lbs. weight capacity with 31" extra wide mattress for larger patients
- BIG WHEEL® provides easy mobility and helps reduce pushing effort
- Helps reduce the likelihood of on-the-job back injuries during transport
- Three-year warranty

RENAISSANCE™
- A fully-featured stretcher for treatment, transport and transfer
- Standard fifth-wheel steering with BIG WHEEL available as an option
- Comes in 26" or 29" patient surface
- Three-year warranty

ADVANTAGE™
- Flexible stretcher design with 26" or 29" patient surface can be configured to best suit your department’s needs
- Choose from many options, including pop-up push handles or four-sided brake controls (shown)
- Standard fifth-wheel steering with BIG WHEEL available as an option
- One-year warranty

TRANSPORT
- Long or short built-in transfer boards and permanent IV caddy
- Choose between fixed height or hydraulic models with 24" or 26" patient surface
- Fifth-wheel steering or BIG WHEEL available for improved mobility
- One-year warranty
STRETCHER PORTFOLIO

SPECIALTY USE: OB/GYN & PEDIATRICS

GYNNIE OB/GYN
- Intuitive operation simplifies setup and minimizes product training
- With excellent multi-task flexibility, Gynnie combines normal stretcher features and OB/GYN functionality, allowing it to outfit an entire department
- Adjustable footrests feature comfortable foot cups and one-handed operation
- 4” thick Ultra Comfort Mattress provides unparalleled support

CUB PEDIATRIC CRIB
- Crib design enhances patient safety and comfort
- Optional integrated scale system
- Low-impact siderails with optional swing-open access doors allow for convenient patient care when raised and unobstructed care when lowered
- Available in hydraulic or fixed-height models

SPECIALTY USE: TRAUMA & EXTENDED STAY

TRAUMA
- A secure, stable platform for critically injured patients
- Cassette tray and 90° backrest help facilitate full-length x-rays
- Securely-mounted lateral C-spine cassette holder
- Model 1020 offers pull-out cassette drawer and permanent x-ray grid

EXTENDED STAY
- Ideally suited for stays up to 24 hours
- Powered siderail controls for backrest and knee gatch
- Manual and electric height option
- Optional four-sided brake controls and electric lift base

SPECIALTY USE: OR, STRETCHER CHAIR & FLUORO

TRIO MOBILE SURGERY PLATFORM (SOLO STATIONARY MODEL ALSO AVAILABLE)
- Fully-functioning mobile platform with surgical accessory rail supports all common ASC positions
- Eliminates or greatly reduces patient transfers
- Optional foot-end backrest attachment provides exceptional access for head and neck procedures
- Glideaway™ siderails provide complete coverage when up, disappear when down

EYE SURGERY STRETCHER AND SURGISTOOL
- Ideal access for either temporal or superior approach
- Exceptional leg clearance for surgeon
- Fully-articulating head section controlled by levers tucked within headpiece
- Four-wheel, steel-ring brakes ensure a firmly-locked surface
- Stool available with three different seat styles, and with or without armrests

STRETCHER CHAIR
- 0° - 90° pneumatic backrest
- Versatile positioning options, with easy articulation between stretcher and chair
- Dual hydraulic jacks and four-wheel, steel-ring brakes optimize stability
- Eye surgery stretcher chair model features fully-articulating head section controlled by levers tucked into headpiece

FLUOROSCOPY
- Siderails fold down for total access
- Perfect for patient imaging and patient accessibility
- Optional surgical accessory rail accommodates OR table attachments
- Accessible dual-end foot controls easily adjust treatment height
